

[Quick Start Guide](#)

For novice users, see how you can start using Atollon.

[Video Tutorials](#)

See our [Atollon Youtube Channel](#). Please note that after login to Atollon you should receive several video guides to help you understand Atollon features.

[Basic Set-Up](#)

If you want to Set-Up some of the Atollon options yourself, we collected several guides for you to start immediately.

[Express Implementation](#)

During Express Implementation, Atollon consultants set-up basic aspects of Atollon. There is one-time set-up fee involved, see [Price List](#).

[Business Implementation](#)

Business Implementation is more structured implementation process, incl. free Business Growth Engine program. Program is scheduled for 8-weeks, in which you will set your organization to whole new level.

Atollon Consulting company offers consulting services that should help you deploy Atollon quickly and efficiently.
